

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

MARY ANN REDEAUX, et al.,

Plaintiffs,

v.

NOEL WISE, et al.,

Defendants.

Case No. 24-cv-01979-EMC

**ORDER DENYING PLAINTIFFS'
MOTION FOR TRO**

Docket No. 11

Currently pending before the Court is pro se Plaintiffs' motion for a temporary restraining order. Plaintiffs ask "the federal court [to] grant [a] restraining order and block the state of California from receiving federal funding because the state/court policies and procedures violate the due process rights of the state citizens." Mot. at 4. Plaintiffs indicate that their due process rights have been violated because "[t]he state of California committed real estate deed fraud." Mot. at 3.

Plaintiffs' motion for relief is **DENIED**. This case is already closed. To the extent Plaintiffs assert that this Court has a conflict of interest, that issue has already been addressed in the Court's prior order. *See* Docket No. (Order at 2) (noting that an adverse ruling is not sufficient cause of recusal).

IT IS SO ORDERED.
